

VELDURTHI VENKATA MANIKUMAR

(+91) 90143 39890 — manikumar0459@gmail.com — github.com/Manikumarveldurthi — LinkedIn

EDUCATION

Puducherry Technological University , Puducherry, India Bachelor of Technology in Computer Science and Engineering CGPA 8.79	May 2025
Sri Sai Junior College , Yanam Puducherry, India Intermediate in MPC CGPA 10.00	May 2021
Sarada Vidya Niketan Govt Aided High School , Yanam Puducherry, India Secondary Education in Mathematics CGPA 10.00	May 2019

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript
Web Technologies: HTML5, CSS3
Frameworks: Spring Boot, Microservices
Backend Technologies: JDBC, RESTful APIs, Backend Development
Databases: MySQL, Oracle SQL, Database Design
Tools: Git, GitHub
Concepts: Object-Oriented Programming (OOP), Full Stack Development, MVC Architecture

PROJECTS

Laundry Service Web Application (Spring Boot, MySQL, JavaScript), Full Stack Project 2025
github.com/Manikumarveldurthi/LaundryHub_WebApp

- Built a full-stack laundry service platform using Spring Boot, HTML, CSS, and JavaScript supporting **100+ users**
- Integrated authentication, order handling, and service tracking using a **MySQL database storing 500+ records**
- Designed **5+ REST APIs** enabling smooth communication between frontend interface and backend services

Smart Blood Management System (Java, MySQL), Academic Project 2025
github.com/Manikumarveldurthi/Smartbloodbanksystem

- Developed a centralized system managing **300+** blood donor records and tracking blood group availability
- Structured relational database schema in MySQL to process **50+ emergency blood requests**
- Added quick search and filtering features improving donor retrieval efficiency by **40%**

Blood Group Detection using Fingerprints (Python, Deep Learning), Final Year Project 2025
github.com/Manikumarveldurthi/blood_group_detection

- Trained a deep learning model in Python to identify blood groups using fingerprint image patterns
- Processed and analyzed **1000+ fingerprint samples** using image preprocessing and feature extraction
- Implemented a web interface for uploading fingerprint images and generating automated prediction reports

EXPERIENCE

Java Full Stack Development Training, JSpiders Training Institute, KPHB Hyderabad 2025

- Gained hands-on exposure to **8+ technologies** including Java, JDBC, Spring Boot, Microservices and SQL
- Practiced backend connectivity, RESTful API integration, and database operations through **3+ application modules**
- Used Git and GitHub for version control during collaborative development exercises

Frontend Developer Intern, Academor EdTech Pvt. Ltd, Bangalore 2024

- Contributed to development of **5+ responsive webpages** using HTML, CSS and JavaScript
- Enhanced user interface behavior and improved page responsiveness across **3+ device types**
- Collaborated with mentors to review code and complete assigned frontend modules within deadlines

Computer Networks Intern, Bharat Sanchar Nigam Limited (BSNL), Hyderabad 2024

- Observed telecom infrastructure including routing, switching, and communication network architecture
- Monitored real-world network operations across **10+ communication systems** within the facility
- Supported engineers in identifying connectivity issues and understanding troubleshooting workflows

CERTIFICATIONS

Java Programming for Beginners, IBM Coursera 2025

- Covered Java syntax, object-oriented principles and program structure through guided coursework
- Completed coding exercises focused on problem solving and logic building

Python Programming, Skill India NSDC 2025

- Studied Python language constructs including control flow, functions and modular programming
- Worked on practice problems involving scripting and basic data manipulation

Core Java, SQL and Web Development Training, JSpiders 2025

- Attended structured training sessions covering backend development and database fundamentals
- Explored application workflows combining server-side logic with browser-based interfaces

ACHIEVEMENTS

- Achieved **CGPA 8.79** in Bachelor of Technology in Computer Science and Engineering
- Coordinated **ICON Technical Event** at Puducherry Technological University with **100+ participants**
- Earned **3+ technical certifications** in Java and Python from IBM Coursera and Skill India NSDC
